PROFILE SUMMARY

Results-driven Full Stack Web Developer with experiential hands-on skills in designing, creating, and optimizing high-speed websites on WordPress and can create websites from scratch using HTML, CSS, JavaScript, Python, and MySQL.

Proficient in developing custom themes and plugins, integrating third-party APIs, DNS and domain management, and deploying responsive, SEO-enabled solutions.

Successfully executed real-time web projects for Gnext, Vallo Auto, Reddot Electromechanical, and Printexpress, Premium Key Cutting in Abu Dhabi, converting digital solutions to business objectives.

WORK EXPERIENCE

Full Stack Developer, GNEXT LLC

08/2024 – Present
Abu Dhabi, UAE

As a Full Stack Web Developer at GNEXT LLC, I design and deploy dynamic, high-speed websites that fulfill client specifications. I design on the full development stack, deploying front-end as well as back-end functionality using modern technologies and frameworks. I have expertise in designing scalable, SEO-oriented, and mobile-friendly websites with excellent UI/UX focus.

Built and designed live, complete websites for businesses such as Vallo Auto, Reddot Electromechanical, and Printexpress, all based in Abu Dhabi.
